*Disclaimer: The post installation inspection performed under the MMWEC HELPS Residential Conservation Service program is limited solely to the verifying measures listed above were installed in accordance with the standards established by the Division of Energy Resources. It does not include any kind of safety review and should not be relied upon as one. This inspection does not replace any inspections that are required by state or local law.*

*I hereby verify that a post-installation inspection was performed on the measures listed above with my permission and the results explained to me. I also understand that any municipal incentive issuance, if available under the current utility program, is dependent on passing results of such post-installation inspection, unless expressly waived, on a case-by-case basis, by the utility. I have also read and understand the disclaimer above.*

*I have performed a post-installation inspection of the above indicated measures and have noted whether or not the installation conforms to the standards Established by the Division of Energy Resources.*
